The **Cyclopedia** is an employee-maintained written history of Elion Global (EG). The guidelines put in place for this resource are this: an employee may write a new entry by following a broken link from an existing entry. In the new entry, the employee should create at least 2 new broken links starting with letters of the alphabet not yet used. When all 26 letters are used then duplicates may be created. The **Operations Manual** may specify additional guidelines, or directives, for this resource.
